

Publication Agreement

Ground Support 2023: 10th International Conference on Ground Support in Mining 10–12 October 2023

The Author named below wishes to contribute a paper for inclusion in the Proceedings of the 10th International Conference on Ground Support in Mining, published by the Australian Centre for Geomechanics (ACG), The University of Western Australia, in both the printed proceedings and on the [ACG Online Repository of Conference Proceedings](#) (ACG Online Repository).

By signing this agreement (please tick all boxes):

- The Author confirms:
 - The paper is the original work of the author/s.
 - The paper has not been previously published and is not submitted elsewhere for publication.
 - The paper does not contain defamatory, unlawful, or fabricated content, and does not infringe upon the rights of others.
 - All required permissions have been obtained.
- The Author grants a worldwide exclusive licence to the ACG to publish the paper in all formats, media, and languages.
- The Author acknowledges and understands that:
 - Draft versions of the published paper are not to be published in any medium.
 - The published paper can only appear electronically on the ACG Online Repository.
 - The published paper will be freely available from the ACG Online Repository. Other repositories or websites wishing to link to the paper must do so by using the paper's assigned digital object identifier (DOI) number which is available on the paper's entry on the ACG Online Repository.
